# FOR IMMEDIATE RELEASE

### NEWPARK RESOURCES REPORTS THIRD QUARTER 2007 RESULTS

THE WOODLANDS, TX — November 5, 2007 — Newpark Resources, Inc. (NYSE: NR) today announced results for the third quarter ended September 30, 2007.

Total revenues were \$153.8 million for the third quarter of 2007 compared to \$147.6 million for the third quarter of 2006. Income from continuing operations was \$7.6 million in the third quarter of 2007, or \$0.08 per diluted share. Income from continuing operations was \$9.7 million, or \$0.11 per diluted share in the third quarter of 2006, which included \$2.5 million (\$3.5 million pre-tax) of insurance recoveries from Hurricanes Katrina and Rita. Excluding these recoveries, income from continuing operations was \$7.2 million, or \$0.08 per diluted share for the third quarter of 2006, as set forth on the attached *Non-GAAP Earnings Reconciliation*.

As previously announced, the Company entered into an agreement in October 2007 to sell the U.S. Environmental Services business, and shut down substantially all of the Canadian Environmental Services business. As a result of these developments, the assets, liabilities and results of operations for the Environmental Services segment have been reclassified as discontinued operations for all periods presented. Restated segment results from continuing operations for the past seven quarters are included in the financial tables later in this release. Discontinued operations generated a \$0.2 million after-tax loss in the third quarter of 2007, including after-tax impairments and other charges of \$0.6 million related to the shut down of the Canadian Environmental Services business.

Paul Howes, President and Chief Executive Officer of Newpark, stated, "We are pleased with the progress we've made on several strategic fronts over the past quarter. The sale of the environmental business will significantly strengthen our balance sheet and improve our ability to

increase investments in our Drilling Fluids and Mats & Integrated Services businesses. In addition to signing the agreement on the environmental business, we completed the sale of our Batson sawmill facility and completed the acquisition of SEM Construction Company, which provides geographic expansion for our Mats and Integrated Services business and an entry-point into the important Piceance basin. Also, we received final court approval of the settlement of our derivative and class action lawsuit, which provides closure to this issue. Meanwhile, we continue to be encouraged by our operating results. While we still see some challenges in the North American markets, our international operations generated a 25% increase in revenues over the previous quarter and our Mats and Integrated Services revenues and operating income improved significantly over the same period."

#### SEGMENT RESULTS

The Fluid Systems and Engineering segment generated revenues of \$130.0 million and an 11.9% operating margin in the third quarter of 2007, compared to the \$125.1 million of revenue and a 16.1% operating margin generated during the third quarter of 2006. As described above, the third quarter of 2006 included \$3.5 million of insurance recoveries from Hurricanes Katrina and Rita. Operating margins in the third quarter of 2007 declined modestly relative to the second quarter 2007 primarily due to softness in the Gulf Coast and the continued weakness in the Canadian market, along with higher barite transportation costs.

The Mats and Integrated Services segment generated revenues of \$23.8 million and a 19.1% operating margin in the third quarter of 2007 compared to revenues of \$22.5 million and a 20.4% operating margin in the third quarter of 2006. The slight decline in operating margins is primarily attributable to a change in sales mix, driven by weakness in the Gulf Coast rig counts. Operating margins in the third quarter of 2007 improved substantially from 12.1% in the second quarter of 2007 due to increases in revenues combined with continuing operating cost reductions.

#### **CONFERENCE CALL**

In conjunction with this release, Newpark has scheduled a conference call, which will be broadcast live over the Internet, on Monday, November 5, 2007 at 11:00 a.m. Eastern Time / 10:00 a.m. Central Time. To participate in the call, dial (303) 262-2141 and ask for the Newpark Resources conference call at least 10 minutes prior to the start time, or access it live over the Internet at www.newpark.com. For those who cannot listen to the live call, a replay will be

available through November 12, 2007 and may be accessed by dialing (303) 590-3000 and using pass code 11098107#. Also, an archive of the webcast will be available shortly after the call at www.newpark.com for 90 days.

This news release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act that are based on management's current expectations, estimates and projections. All statements that address expectations or projections about the future, including statements about Newpark's strategy for growth, product development, market position, expected expenditures and financial results are forward-looking statements. Some of the forward-looking statements may be identified by words like "expects," "anticipates," "plans," "intends," "projects," "indicates," and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions. Many factors, including those discussed more fully elsewhere in this release and in documents filed with the Securities and Exchange Commission by Newpark, particularly its Annual Report on Form 10-K for the year ended December 31, 2006, as well as others, could cause results to differ materially from those stated. These factors include, but are not limited to, the investigation of the certain accounting matters by the Securities and Exchange Commission; changes in the laws, regulations, policies and economic conditions, including inflation, interest and foreign currency exchange rates, of countries in which Newpark does business; competitive pressures; successful integration of structural changes, including restructuring plans, acquisitions, divestitures and alliances; cost of raw materials, research and development of new products, including regulatory approval and market acceptance; and seasonality of sales of Newpark products. Newpark's filings with the Securities and Exchange Commission can be obtained at no charge at www.sec.gov, as well as through our website at www.newpark.com.
