## NEWPARK RESOURCES PROVIDES UPDATE ON SALE OF ITS U.S. ENVIRONMENTAL SERVICES BUSINESS

THE WOODLANDS, TX – July 8, 2008 – Newpark Resources, Inc. (NYSE: NR) today provided an update on the proposed sale of its U.S. Environmental Services business to a subsidiary of CCS Corporation. As announced on April 16, 2008, the sale of this business was expected to occur in July 2008, subject to the receipt of customary regulatory approvals. The Federal Trade Commission has issued a request for additional information and documentary materials (commonly referred to as a “second request”) as part of the Hart-Scott-Rodino Act review process. As a result of this request, the proposed transaction is unlikely to close before the end of July 2008 as previously announced. Newpark plans to provide an update during its second quarter earnings conference call currently scheduled for Friday, August 1, 2008.

Newpark Resources, Inc. is a worldwide provider of drilling fluids, temporary worksites and access roads for oilfield and other commercial markets, and environmental waste treatment solutions. For more information, visit our website at [www.newpark.com](http://www.newpark.com).

These factors include, but are not limited to, the receipt of required regulatory approval and the satisfaction of the closing conditions for the proposed sale of the environmental services business, the investigation of the certain accounting matters by the Securities and Exchange Commission; changes in the laws, regulations, policies and economic conditions, including inflation, interest and foreign currency exchange rates, of countries in which Newpark does business; competitive pressures; successful integration of structural changes, including restructuring plans, acquisitions, divestitures and alliances; cost of raw materials, research and development of new products, including regulatory approval and market acceptance; and seasonality of sales of Newpark products.
